

OKI® C9300/C9500

Tabloid/A3 Digital Color Printers

Innovative color for business.

Highlights:

Single Pass Color™ Digital technology for printing on media up to 110 lb. index

Color output at up to 30 ppm, mono at up to 37 ppm¹

High-capacity, 2-piece consumables for low Total Cost of Ownership

Tabloid-extra/A3 (12" x 18") format; prints on banner sheets up to 12.9" wide by 47.24"

Up to 1200 x 1200 dpi resolution

Up to 600 MHz PowerPC processor

Up to 320 MB RAM standard; all models upgradable to 1,024 MB

Holds up to 2,350 sheets with options

Job accounting software and Web-based printer management utility standard

Direct PDF Printing – print .pdf files without Adobe® Acrobat® or Acrobat Reader^{2,3}

Available with Duplex³, 10 GB Hard Disk Drive³, 10/100 Base-T Ethernet NIC⁴, Finisher/Stapler, and MonacoEZmatch™ color matching software³

1-Year On-Site limited warranty⁵ on printer;

5-Year limited warranty on LED printheads

¹ Letter-size sheets. Published performance results based on laboratory testing. Individual results may vary.

² Requires hard disk drive.

³ Standard on C9300dxn and C9500dxn models only.

⁴ Optional on C9300 model.

⁵ Available in the U.S. and Canada only.

Wide-format, high-volume Color and Mono printing

OKI Digital color matching printers provide high-quality, tabloid-extra (12" x 18") color and monochrome output—right in your workspace.

Until now, color added high cost as well as impact to the creativity of your documents. OKI® C9300/C9500 Digital Color printers can lower your expenses and increase your productivity.

These wide-format color printers are the efficient and affordable answer, especially if presentations, ad layouts, spreadsheets, large photos and illustrations, signs, posters or banners are part of your business.

Commercial printshop performance at desktop printer prices. No more running down to the corporate or neighborhood copy center every time you need tabloid-size color documents—or postcard-size or any size up to 12.9" by 47.24" banners! You can simply print them in-house. OKI C9300/C9500 printers are available with MonacoEZmatch™ color matching software³ to ensure accurate and consistent color whenever it's required.

OKI Single Pass Color™ Digital technology and long-lasting, individually replaceable OKI toner cartridges and image drums mean fewer interventions—i.e. more productivity—and a lower cost per printed page than color laser printers, solid ink or inkjet printers and, especially, outside copy services.

Further, the cost of a black-and-white page is comparable to that of most mono laser printers—so you can use OKI C9300/C9500 color printers for all your business printing.

Connectivity and more. OKI C9300/C9500 printers come with both bi-directional parallel and USB interfaces, and can be connected to the network—PC- or Mac®-based—via an OkiLAN® 6200e+ 10/100 Base-T internal print server card.⁴

When it comes to handling huge graphic files, all models come with generous standard RAM and are upgradable to a whopping 1 GB. The C9300dxn and C9500dxn also ship with a 10 GB hard disk drive and standard duplex (optional on other models).

All C9300/C9500 models are equipped with Job Accounting software that provides a precise count of color and mono pages, the types and quantities of paper used, and a record of printing activity by department.

So go on, get as creative as you like—and expect the superlative capabilities of OKI C9300/C9500 Series Digital Color printers to make you look great on paper.

Additional Specifications (All Models)

Performance

- **Print Speed:** Up to 30 ppm Color, up to 37 ppm Mono¹
- **Time to First Page:** 11.5 sec. Color; 10 sec. Mono¹
- **Reliability:** Up to 150,000 pg./mo. duty cycle

Productivity Utilities

- **Color Matching Utility:** MonacoEZmatch™ for OKI²
- **Job Accounting Utility:** Standard (requires hard disk drive for optimal performance)
- **Web-based Management Utilities:** PrintSuperVision™ and OkiLAN® 6200e+ embedded Web server (with network card)

Color Controls

- **Color Management:** MonacoEZmatch™ for OKI²; Auto Color Matching, PostScript® CRD, Windows® ICM, Input/output ICC Profiles. Also supports color management systems that utilize ICC profiles (Apple® ColorSync®, Microsoft ICM, Adobe® apps, QuarkXPress®, CorelDraw®)
- **Ink Simulations:** SWOP™, Euroscale and others
- **Color Matching Modes:** sRGB, Monitor Simulations, Digital Camera

Compatibility

- **Emulations:** PCL® 5c, PCL 6, Adobe® PostScript® 3™ standard; Direct PDF Printing³
- **Operating Systems:** Stand-alone and network—Windows® XP, Me, 2000, 98, 95, NT® 4.0; Mac® 8.6–9.x, OS X.1; Linux® 2.0 with glibc2 or higher (Intel®); Solaris® 2.8 or higher

Memory

- **Maximum RAM:** 1,024 MB
- **Flash Memory:** 4 MB standard

Interfacing

- **Connectivity:** IEEE-1284 bi-directional parallel; USB v1.1 (on Mac, requires OS 9.x or higher); Auto interface switching
- **Network I/F:** OkiLAN® 6200e+ (10/100 Base-T) Internal Ethernet Print Server (optional on C9300)
