

Your new mobile workplace featuring cloud printing to OKI® printers and MFPs.

With OKI® MotionPrint™ powered by Cortado Workplace™, you'll be able to print wirelessly from any mobile smartphone, tablet or iPad®—regardless of your location. It's a free app that allows you to print to any PCL/PS enabled OKI printing device connected to a wireless network or an OKI device that has embedded wireless capability.

So now when you're traveling with a smartphone, tablet or iPad®, you can access and print your hotel confirmation and boarding pass, or any other email attachments quickly and easily. It's one of the world's first online desktops with cloud printing functionality.

Your online documents and files are always at your fingertips.

With the look and feel of Windows Explorer®, Cortado Workplace allows you 24/7 access to your personal online storage from anywhere you happen to be. You'll be able to manage your files, folders and print options along with PDF or ZIP file exporting directly from the mobile device—making Cortado Workplace the complete mobile desktop. And because OKI is now a member of the Cortado Cloud Printing Alliance, accessing your personal storage files from your mobile device is effortless and printing to OKI's certified devices is easier than ever.
