

March 2008  
**2008 Editor's Choice Award (C3530n)**  
"All in all, the C3530n MFP is a strong candidate for your consideration for personal and small-workgroup, laser-quality color printing."  
—Better Buys for Business

March 2008  
**2008 Editor's Choice Award (C9650)**  
"The C9650 family has good finishing, good input, and lots of memory. These are among the cream of the crop in the color laser-quality printer market."  
—Better Buys for Business

February 2008  
**2008 Editor's Choice Award (B4400 Series)**  
"We think OKI has made a strong move in this market segment, and we want to recognize it by giving these models our Editor's Choice Award."  
—Better Buys for Business

February 2008  
**3-Star, Recommended Rating (C5550n)**  
"BERTL recommends OKI Printing Solutions' C5550n MFP for budget-conscious customers who require an office-imaging MFP that can do it all in both black-and-white and color."  
—BERTL

February 2008  
**4-Star, Highly Recommended Rating (C9650hdn)**  
"BERTL highly recommends the competitively priced OKI Data C9650hdn for office workgroups and some vertical markets that require A3+ media size output as well as fast black-and-white printing and office-color capability."  
—BERTL

February 2008  
**2008 Editor's Choice Awards (B2520)**  
"Solid desktop multifunctional with reasonable fax specifications – good enough in this price range to receive our Editor's Choice Award."  
—Better Buys for Business

January 2008  
**2008 Reviewer's Choice Award (C5550n)**  
"It has no notable flaws and did everything well."  
—Government Computer News

January 2008  
**Top 5 Monochrome Laser Printers (B4400n)**  
"It's fast, well built, and generally well designed."  
—PC World

November 2007  
**Recommended Rating/Certificate of Reliability (B4545 MFP)**  
"... the unit proved to be highly reliable and very easy to use throughout testing. BLI recommends the B4545 MFP for personal users and small workgroups ..."  
—Buyers Laboratory, Inc.

November 2007  
**Recommended Rating/Certificate of Reliability (C8800dtn)**  
"The tabloid LED printer turned in a flawless performance ... completing the test without a single misfeed and requiring no service of any kind."  
—Buyers Laboratory, Inc.

November 2007  
**3-Star Recommended Rating (B4545 MFP)**  
"OKI Data's B4545 MFP proved to be a capable desktop MFP for a small workgroup ... of note is that it also boasts a small footprint so that it could fit comfortably on a key user's desktop."  
—BERTL

October 2007  
**3-Star Recommended Rating (C8800)**  
"The big advantage of [the C8000's] 11" x 17" (A3) capability is that many specialty printing jobs, such as newsletters and marketing materials, can be produced in-house, instead of sending them to outside commercial printers."  
—BERTL

October 2007  
**PC Magazine Reader Satisfaction Survey – Leading Color Laser Printer Manufacturer**  
"The land of color laser printers, once reigned over by HP, has a new ruler: OKI Data."  
—PC Magazine

October 2007  
**VARBusiness Tech Innovator Company of the Year, Printing and Imaging (C8800 Series)**  
OKI Printing Solutions' C8800 Series was recognized by judges for creating a new category of affordable wide-format color printers that are compact enough to fit on a desktop.  
—VARBusiness

<sup>1</sup> 2007–2009 Awards Summary as of March 2009

# A few choice words about OKI Printing Solutions.

OKI Printing Solutions' success depends on providing customers with the solutions and services they need to succeed. OKI Printing Solutions is proud to be recognized by the industry's leading experts for its strong commitment to delivering products and services with the best balance of value, cost and performance.

March 2009

### Better Buys for Business Editor's Choice 2009 (MC860)

"The MC860 MFP is a ledger size MFP with excellent built-in features and a good cost-per-page."

–Better Buys for Business

January 2009

### Better Buys for Business Editor's Choice 2009 (B930 Series)

"This 50ppm B930 laser printer family represents OKI's speediest black-and-white printers yet."

–Better Buys for Business

January 2009

### Better Buys for Business Editor's Choice 2009 (B430dn)

"Delivering enhanced speed, impressive first-page-out time, standard PCL printing, standard duplexing, and above average paper capacity at its price level, the B430dn deserves your attention."

–Better Buys for Business

January 2009

### BERTL Certified 4-Star Highly Recommended (B930dn)

"The B930 series puts it all together for demanding users. It's a durable, powerful network printer for most highly productive business environments."

–BERTL

January 2009

### BERTL Certified 4-Star Highly Recommended (C830dtn)

"The C830dtn is suitable for small to mid-sized offices and workgroups that require a productive A3 desktop printer for office-color applications, and for frequent graphic arts and in-house publishing and proofing applications."

–BERTL

December 2008

### BERTL Certified 4-Star Highly Recommended (C710dtn)

"Because of its highly competitive overall performance in testing, BERTL highly recommends OKI Printing Solutions' C710dtn for offices and enterprises that require an easy-to-use and productive color laser printer."

–BERTL

December 2008

### BERTL Certified 4-Star Highly Recommended (C6150hdn)

"The C6150hdn's print drivers and software were very easy to use, and OKI's PrintSuperVision provides very capable device management and configuration ... OKI enhances the printer's color capability with state-of-the-art color-enhancement and color-matching software, including its Color Swatch Utility."

–BERTL

December 2008

### BERTL Certified 4-Star Highly Recommended (C5650dn)

"The C5650dn is suitable for small to mid-sized offices and workgroups that require a productive desktop printer for office-color applications, and for occasional graphic arts and in-house publishing and proofing applications."

–BERTL

December 2008

### BERTL Certified 4-Star Highly Recommended (C3600n)

"Because of its solid performance in testing, versatile throughput capabilities, ease of use, relatively modest acquisition cost, and competitive image quality, BERTL highly recommends OKI Printing Solutions' C3600n for very small workgroups that require a productive color laser printer that can also handle occasional advanced applications."

–BERTL

December 2008

### BERTL Certified 4-Star Highly Recommended (B420dn)

"BERTL highly recommends this workhorse-like black-and-white desktop printer for small to mid-size office workgroups that need a fast, no-nonsense black-and-white printer that produces office-quality images and is easy to use and maintain."

–BERTL

December 2008

### BERTL "Exceptional" 5-Star award (CX3641 MFP)

"OKI Printing Solutions' flagship CX3641 MFP is rightfully the star in the company's office family ... Indeed, the embedded Fiery System 8e controller endows the OKI CX3641 with an unprecedented degree of versatility and value. ... And of course, the SendMe interface at the touch screen is almost revolutionary in its ease of use."

–BERTL

December 2008

### Government Computer News Top Product of 2008 (C5550n MFP)

"The C5550n received the only Reviewer's Choice designation in our roundup, so it's no surprise that the same model did well again this year."

–Government Computer News

September 2008

### Macworld Mouse Award 4.5-Mice Rating (C6150dn MFP)

"OKI's C6150dn is a workgroup color printer ideal for churning out fast prints in an office setting."

–Macworld

March 2008

### 2008 Editor's Choice Award (CX3641 MFP)

"Heavy-duty color multifunctional that comes with an EFI controller to produce high-quality, consistent color."

–Better Buys for Business

March 2008

### 2008 Editor's Choice Award (C5550n)

"A solid workgroup multifunctional with good color printing speed at a great price."

–Better Buys for Business
